RE: MadeForThem

To Whom It May Concern:

As Chief of Police for the Fresno Police Department, I am in strong support of MadeForThem and congratulate them on their 5th year as a non-profit organization dedicated to combating human trafficking and human rights issues

Too often in Law Enforcement we see the tragic results of human trafficking and human rights violations resulting in men, women and children being sexually abused or forced into labor. The financial support, partnerships, public education and job training opportunities provided by MadeForThem has helped raise awareness and encouraged others to put an end to this horrific abuse of human beings.

I commend MadeForThem and their efforts to combat social injustice through fashion and on behalf of the men and women of the Fresno Police Department I want to thank you for being a part of our community while bringing about change through education & prevention.

It is with great pleasure that I celebrate with you on your 5th year of operation.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jerry P. Dyer", is written over the typed name and title.

Jerry P. Dyer
